

THE REWARDS OF HARD WORK.

Royal Roads University is pleased to announce our new CMC (Certified Management Consultant) graduates. Not only did these hard working professionals complete their MBAs in Executive Management here at Royal Roads, they went on to complete a rigorous program of study, earning the only internationally recognized consulting designation in the world, awarded in Canada by the Canadian Association of Management Consultants through its affiliated Institutes. What's more, six of our students made the CMC Written Exam honour roll, with Terry Rachwalski achieving the Gold Medal for excellence. We congratulate all of you for your accomplishment.
